

SIGNING OPTIONS

There are various ways you may be able to sign your transaction. Please reach out to your Escrow Officer to determine the best signing method for your transaction. It's our pleasure serving you.

REMOTE ONLINE NOTARY (RON)*

with lender approval

Below are the steps to expect for a Remote Online Notary signing (a third-party service).

- You will connect with the notary using your smartphone, tablet or computer that has a webcam and microphone.
- The online notary will verify your identity and watch you sign the documents, replacing the need for an in-office visit.
- Your final closing documents will be sent to you electronically.

Note, this method requires lender approval and may not be a fit for all transactions.

IN-OFFICE BY APPOINTMENT ONLY

with extra precautions

- All offices are open and conducting business by appointment only.
- We will greet you with a smile instead of shaking your hand.
- We are sanitizing signing rooms before each signing.
- We will provide individual pens for each signer to use and take home.
- Allow only the signers to attend; please leave children at home if possible.

MOBILE NOTARY*

when & where it's convenient for you

- If clients need a convenient signing at their house or other location, your CW Title & Escrow team can schedule a mobile notary with vetted and trusted professionals.
- Sign documents at your home (or in a driveway if preferred) eliminating the need to come into our office.
- Your final signed copies will be emailed.
